Subject: State Marine Reserve, Pacific Grove, CA

Dear Sirs and Mesdames,

According to A.B. 993, Marine Life Protection Act, Section 2862 and 2853, paragraph 5 of subdivision c, on behalf of the people of Pacific Grove and the many thousands of visitors who enjoy the Pacific Grove Marine Gardens and Refuge which borders our City, we respectfully request that you seriously consider making our entire ocean border a State Marine Reserve.

This is valuable to the financial health of Pacific Gove and it has been affirmed many times by the voters of Pacific Grove and its City Council. Favoring us in this way will certainly make many Pacific Grove voters favor current elected officials in the upcoming election. We have a very savvy electorate and a State Administration that does not help us maintain our precious and unique environment is not one we want to re-elect.

Best Regards,

Arthur Hackett, Director
For the Board of Directors and Membership of the Pacific Grove Residents
Association
Unanimous vote 24 July 2006
